Features
- Applicable Systems
  - Airways
  - Railways
  - Maritime
- Freight Tracking
- Freight Measuring
- Invoice Management
- Reporting System
- Credit Card Payment
- Dynamic User Roles for Management
- Timetable Management
- Freight Train Management
- Weight Bridge Interface
- RSMS Interface
- Client Recognition System
- Client Informing System
- KPI Tracking System

Functions
- Client registration
- Transaction Reporting System
  - Shipment Reports
  - Trip Reports
  - Customer Reports
  - Financial Reports
  - KPI Reports
- RSMS Interface for Tracking
- Freight Officer Work Tracking
- Weight Bridge Interface for Scale
- Invoice Process
- Scale the Freight
- Create Freight Journey-Timetable
- Plan Freight Journey
- E-mail Notification System
- Invoicing Process
- Credit Card Payment

Advantages/Benefits
- Adjustable Reporting System
- User friendly Interface
- Dynamic User Roles
- Client Information System
- Various Applicable Systems
- KPI Tracking System

Components/Subsystems
- Rolling Stock Management System
- Weight Bridge System
- Credit Card Module
- KPI Tracking System
